There may be incidents where Learners may require special consideration and reasonable adjustments to the delivery and assessment of qualifications. In the event of this, Centres or candidates should review our Reasonable Adjustments and Special Considerations policy which is available to learners on the **MyCIM Portal** once they are registered.

Reasonable adjustments enable a candidate with additional requirements to demonstrate their knowledge, skills and understanding of the levels of attainment required by the relevant CIM qualification specification. CIM ensures its Reasonable Adjustments Policy aligns with regulatory and legal requirements.

Special Considerations enable a candidate to apply for special consideration to be considered as part of their assessment by way of marks/ percentage of marks for their assessment. The application of Special Consideration focuses on a scenario before or during the assessment that impacted the candidate's ability to perform on the day of an assessment, so they are not disadvantaged by circumstances outside of their control. CIM ensures its Special Considerations Policy aligns with regulatory and Joint Council of Qualifications (JCQ) guidelines.
